The Bandit CNC was designed by Summit/Dana Industrial and then purchased by Allen Bradley. If you do a search for Bandit CNC repair you will get several sites offering parts and repair. The factory site we always used for parts and info was in Bozeman, Montana. I had a number of 406-587-4511 but don't know if it is still current.

Bandit CNC was a major player early on in the CNC machine industry. Without technical support or new repair parts, Bandit CNC owners are choosing Centroid CNC Controllers to upgrade their CNC machine tools. New Features like familiar Windows operating system - USB ports and high speed networking The Centroid CNC is a huge improvement.

Bandit - Summit CNC control replacement

Bandit This is a bandit cnc controller that was connected to a lathe. It was connected to servos with encoder feedback. the servos and encoders are not included. It was working when it was pulled off but was getting too hard to maintain.
