In May of 1718, Edward Teach, also known to the Pirating world as Blackbeard, led a week long blockade of Charles Town harbour (today known as Charleston, South Carolina). His only demand was a chest of medicine. After having his demands met, he sailed north with his flotilla into Beaufort Inlet, where he scuttled the Queen Anne's Revenge, hand-picked a crew, and left the rest on a sandbar. Six months after receiving the chest from Charles Town, Edward Teach was killed off the coast of Ocracoke, North Carolina. The story doesn't end there. This was no ordinary chest, and it certainly wasn't a chest of medicine. Blackbeard could have sacked any town on the east coast and procured a chest of medicine. This was a chest that dated back to the first century, and made its way to America on a Templar ship. This was a chest that could change the world. Benjamin and Nathaniel Pennywise, along with their uncle, Ottaway Burns, discover a clue while diving off the coast of Ocracoke that takes them on an adventure spanning two continents. Edward Teach, better known as the pirate Blackbeard, was killed November 22, 1718. Two months before, he purposely ran his ship, Queen Anne's Revenge, aground at what is now called Beaufort Inlet. He emptied the ship of all treasures into his other ship, The Tender, and fled to where nobody knows. Two months later, when he reappeared, he was killed in battle, and his body was tossed into the ocean. To this day, nobody knows where the treasure went. For years, people have searched high and low for his treasure. It has been said that Blackbeard said nobody but he and the devil knew where it was located. Cassie Andrews returns to Branson Missouri to clean out her grandfather's house, who recently passed away. While emptying the attic she comes across an old diary belonging to a woman who claims to have been married to Edward Teach. Cassie soon realizes that she holds the key to the famous Blackbeard's Treasure. Cassie turns to her friend Levi for help in finding the treasure. "In her zeal to uncover the clues to Blackbeard's Treasure Cassie lands herself in the hospital. Attraction explodes off the page as Levi nurses Cassie back to health and together they experience the adventure of a lifetime to uncover their true feelings for one another and Blackbeard's Treasure

Rick and his sister travel to Emerald Isle, near Morehead City, NC, to stay at their grandparents cottage on the beach. One day Rick spots a bottle left by the receding tide. He and his grandfather, PopPop, retrieve the bottle and discover that it contains a map, signed by none other than Edward Teach, the famous pirate, better known as Blackbeard. The next day PopPop and Rick sail in their little boat to nearby Long Island, follow the map and dig for the treasure. There, beneath the circle of seashells, Rick uncovers a small, old treasure chest. They sail back to the beach cottage and when they pry open the chest, Rick discovers that it is filled with all kinds of coins and jewelry. He gives the jewelry to his sister Jacquie but keeps the treasure coins for himself. Several years later, back home in Maryland, Rick makes an interesting discovery which involves President's Day and a Lincoln penny! This is a true story and includes some actual snapshots of Rick, his sister Jacquie and PopPop during those days at the beach. The story is written by Rick's grandmother, Mimi, and includes an Epilogue which concludes the story and includes some interesting facts about the real "Blackbeard" the Pirate and his ship, the "Queen Anne's Revenge." The book is beautifully illustrated in soft pastels. Author: Anita Murray, a graduate of Queens College CUNY, is a retired elementary school principal. She and PopPop still enjoy vacationing at the beach house with their three grandchildren. This is her first book. Illustrator: Martha J. Miller has a fine arts degree from Syracuse University and has been a friend of the Murrays for many years. This is her first effort at book illustration.

It is while seeking on the island of Reunion and in the middle of the Indian Ocean the treasure of the French pirate Olivier Levasseur said "The Buzzard", that I end up discovering ten years later the TREASURE OF BLACKBEARD on Cat Island in the Bahamas. While I was working with a lawyer from Nassau to send an offer to the Prime Minister of the Bahamas that would expose the entire treasure to a museum, I narrowly escaped at the end of June 2019 an attempted murder on a deserted beach from Cat Island ... and I have no doubt about the identity of his instigator.
