Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Before movies, radio, and television challenged the hegemony of the printed word, the Saturday Evening Post was the preeminent vehicle of mass culture in the United States. And to the extent that a mass medium can be the expression of a single individual, this magazine, with a peak circulation of almost three million copies a week, was the expression of its editor, George Horace Lorimer. Cohn shows how Lorimer made the Post into a uniquely powerful magazine that both celebrated and helped form the values of the time.

-American Studies has long been a welcoming home for adventurous intellectuals. Whether blurring disciplines or fighting for social justice, students of the field have generated new ways of understanding the culture and politics of the United States in a global context. But what happens when these innovations become widely adopted? Can a shared set of -rules- become a springboard to creativity? Ideal for classroom use, American Studies: A User's Guide offers readers: a critical introduction to the history and methods of the field useful strategies for textual interpretation, archive building, contextualization, comparative analysis, and theory interwoven toolkits that provide the basic framework necessary to understanding the field--Provided by publisher.

Traveling to the New World in 1606 as the page to Captain John Smith, twelve-year-old orphan Samuel Collier settles in the new colony of James Town, where he must quickly learn to distinguish between friend and foe. Reprint.

First published in 1923, this book examines how the English and American people opposed or helped each other during and after the American Revolution.

#1 NEW YORK TIMES BESTSELLER • From the National Book Award-winning author of Stamped from the Beginning comes a “groundbreaking” (Time) approach to understanding and uprooting racism and inequality in our society—and in ourselves. “The most courageous book to date on the problem of race in the Western mind.”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • The Washington Post • Shelf Awareness • Library Journal • Publishers Weekly • Kirkus Reviews Antiracism is a transformative concept that reorients and reenergizes the conversation about racism—and, even more fundamentally, points us toward liberating new ways of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In How to Be an Antiracist, Kendi takes readers through a widening circle of antiracist ideas—from the most basic concepts to visionary possibilities—that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves. Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next step: contributing to the formation of a just and equitable society. Praise for How to Be an Antiracist “Ibram X. Kendi’s new book, How to Be an Antiracist, couldn’t come at a better time. . . . Kendi has gifted us with a book that is not only an essential instruction manual but also a memoir of the author’s own path from anti-black racism to anti-white racism and, finally, to antiracism. . . . How to Be an Antiracist gives us a clear and compelling way to approach, as Kendi puts it in his introduction, ‘the basic struggle we’re all in, the struggle to be fully human and to see that others are fully human.’ ”—NPR “Kendi dissects why in a society where so few people consider themselves to be racist the divisions and inequalities of racism remain so prevalent. How to Be an Antiracist punctures the myths of a post-racial America, examining what racism really is—and what we should do about it.”—Time

Colonial American History Stories - 1215 - 1664 contains almost 300 history stories presented in a timeline that begins in 1655 with the performance of the first documented play performed in British North America and ends with the switch from the Julian to the Gregorian Calendar in 1752. This journal of historical events mark the beginnings of the United States and serve as a wonderful guide of American history. These reader friendly stories include: September 27, 1540 - Society of Jesus (Jesuits) Founded By Ignatius Loyola December 19, 1675 - The Great Swamp Fight September 19, 1676 - Bacon's Rebellion - Bacon Burns Jamestown April 18, 1689 - 1689 Boston Revolt February 29, 1692 - Sarah Good, Sarah Osborne and Tituba Accused Of Witchcraft in Salem, Massachusetts May 22, 1718 - Edward Teach - Blackbeard - Begins Blockade of Charlestown. November 02, 1734 - Daniel Boone Born December 08, 1741 - Vitus Bering Died December 23, 1750 - Ben Franklin Attempts to Electrocute a Turkey December 31, 1752 - Julian/Gregorian Calendar Switch Complete timeline, journal, events, stories, united states, beginnings, guide
