Indicible et innommable, l'horreur est partout. Une menace universelle, aux dimensions d'échelle du cosmos : dans la brume entourant les falaises de Kingsport, dans une vieille maison solitaire qui entre en résonance avec l'au-delà, dans le cadre rassurant de l'université Miskatonic d'Arkham, où le docteur Herbert West réanime les morts... The man is addicted to morphine, and can think of nothing but death. Only morphine has made his life barely tolerable. It was first published in the November 1919 edition of *The Vagrant*. Dagon was later published in *Weird Tales*. It is considered by many to be one of Lovecraft's most forward-looking stories. The story is the testament of a tortured, morphine-addicted man who relates an incident that occurred during his service as an officer during World War I. In the unnamed narrator's account, his cargo ship is captured by an Imperial German sea-raider in "one of the most open and least frequented parts of the broad Pacific". He escapes on a lifeboat and drifts aimlessly, south of the equator, until he eventually finds himself stranded on "a slimy expanse of hellish black mire which extended about [him] in monotonous undulations as far as [he] could see.... The region was putrid with the carcasses of decaying fish and less describable things which [he] saw protruding from the nasty mud of the unending plain." He theorizes that this area was formerly a portion of the ocean floor thrown to the surface by volcanic activity, "exposing regions which for innumerable millions of years had lain hidden under unfathomable watery depths. Yellow light filled the attic. The light locked with the dust tons of dust up here and the atmosphere of the place stuffed his head like a fever. It seemed that he perceived this light with every nerve of his body. The attic was mostly empty but toward the south wall was a queer arrangement of chains; the ends dangled about seven feet from the floor and had broad iron bands attached. The bands were hinged on one side so they could open and shut. The chains looked red in the yellow light. He held one of the bands and stroked his finger along the inside and it came away reddish. Rust, he thought; but it didn't flake; it wasn't gritty like rust. It was old, caked blood. . . Peter is mesmerized by his find and he begins a journey to where a bloodstained god awaits the last of the Lelands.
