This CNC Router comes as a kit for assembly and provides a cutting area of 17.7 x 15.3 x 3.3 in. (450 x 390 x 85 mm). The frame of BobsCNC is made from laser-cut wood, which makes it a little unstable while cutting hard materials. On the bright side, such a frame reduces the cost of a machine, making it one of the popular choices for low-budget workshops. The E3 CNC router can cut and engrave MDF, wood and some other materials.
