"This book examines students with limited or interrupted education (SLIFE) in the context of English learners and teacher preparation courses from a cultural and social lens. The book is divided into five parts. Part I frames the conversation and contributions in this edited volume; Part II provides an overview of SLIFE, Part III focuses on teacher preparation programs, Part IV discusses the challenges faced by SLIFE in K-12 learning environments and Part V examines SLIFE in adult learning environments. This book is unique in that it offers practical instructional tools to educators, thus helping to bridge theory and practice. Moreover, it retains a special focus on K-12 and adult SLIFE and has an inclusive and international perspective, which includes a novel theoretical framework to support the mental, emotional, and instructional needs of LGBTQ+ refugee students. The book is of interest to teacher educators, in-service and pre-service teachers, English literacy educators, graduate students, tutors, facilitators, instructors, and administrators working in organizations serving SLIFE in K-12 and adult learning environments."--

Making education and career connections.

This book provides a systematic exploration of family literacy, including its historic origins, theoretical expansion, practical applications within the field, and focused topics within family literacy. Grounded in sociocultural approaches to learning and literacy, the book covers research on how families use literacy in their daily lives as well as different models of family literacy programs and interventions that provide opportunities for parent-child literacy interactions and that support the needs of children and parents as adult learners. Chapters discuss key topics, including the roles of race, ethnicity, culture, and social class in family literacy; digital family literacies; family-school relationships and parental engagement in schools; fathers' involvement in family literacy; accountability and employment; and more. Throughout the book, Lynch and Prins share evidence-based literacy practices and highlight examples of successful family literacy programs. Acknowledging lingering concerns, challenges, and critiques of family literacy, the book also offers recommendations for research, policy, and practice. Accessible and thorough, this book comprehensively addresses family literacies and is relevant for researchers, scholars, graduate students, and instructors and practitioners in language and literacy programs.

REA & Bob Miller Get You Ready to Tackle TABE Level A Math! Bob Miller has taught math to thousands of students at all educational levels for 30 years. His proven teaching methods can help students and adult learners tackle the math portion of the TABE and boost their scores. Bob Miller's Math for the TABE Level A shows students how they should prepare for the math component of the TABE Level A. Unlike some dull test preps that merely present the material, Bob teaches and explains math concepts and ideas. His no-nonsense, easy-to-grasp style, and decades of experience as a math teacher help students really understand math. Each chapter is filled with examples and exercises plus explanations of solutions to illustrate the math concepts and reinforce skills. The easy-to-follow, student-friendly review covers all topics tested on the TABE Level A math portion: number operations, integers, decimals and fractions, word problems, geometry, and averages. The book also includes four practice tests that mirror the actual exam. REA offers the only independent test preparation for the TABE. Packed with examples, practice tests, and test-taking tips that boost confidence on exam day, this book is a must for anyone preparing for the TABE. What is the TABE? The Test for Adult Basic Education (TABE) is a diagnostic test used to determine a person's skill levels and aptitudes in reading, English, and math. The TABE is administered across the country and is a good prep for anyone taking the GED. TABE Level A is the highest level available (the equivalent of grades 8-12), and the most popular exam in the TABE battery.
