Fiona was in her headscarf, all her hair was already gone. She whispered in my ear and burst into tears that it was a brain tumour, she just didn't want to say it in front of the two girls.

With help from #TeamFiona, the premature hippo grew into a healthy hippo and an amazing ambassador for her species. "A knockout of a book." –Viet Thanh Nguyen, Pulitzer Prize-winning author of The Sympathizer and The Committed "Fiona and Jane is the book I did not know I was waiting to be written. . . . Read this remarkable work of fiction and feel the world open up around you." –Angela Flournoy, author of National Book Award finalist The Turner House "Unsentimental, subtly subversive, and always surprising. . . . I love this book." –Cathy Park Hong, author of Pulitzer Prize finalist Minor Feelings A witty, warm, and irreverent book that traces the lives of two young Taiwanese American women as they navigate friendship, sexuality, identity, and heartbreak over two decades. Best friends since second grade, Fiona Lin and Jane Shen explore the lonely freeways and seedy bars of Los Angeles together through their teenage years, surviving unfulfilling romantic encounters, and carrying with them the scars of their families' tumultuous pasts. Fiona was always destined to leave, her effortless beauty burnished by fierce ambition–qualities that Jane admired and feared in equal measure. When Fiona moves to New York and cares for a sick friend through a breakup with an opportunistic boyfriend, Jane remains in California and grieves her estranged father's sudden death, in the process alienating an overzealous girlfriend. Strained by distance and unintended betrayals, the women float in and out of each other's lives, their friendship both a beacon of home and a reminder of all they've lost. In stories told in alternating voices, Jean Chen Ho's debut collection peels back the layers of female friendship–the intensity, resentment, and boundless love–to probe the beating hearts of young women coming to terms with themselves, and each other, in light of the insecurities and shame that holds them back. Spanning countries and selves, Fiona and Jane is an intimate portrait of a friendship, a deep dive into the universal perplexities of being young and alive, and a bracingly honest account of two Asian women who dare to stake a claim on joy in a changing, contemporary America.

Stand Tall and Stand Out, Fiona is a book about a pale pink flamingo who feels anxious being in a world of vibrant pink flamingos. Fiona soon learns, with the help of a friend, that our differences are what make us beautiful.

This practical guide provides clinicians with a way in which to do so, with numerous games and imaginative activities to help children aged 4-12 to express and understand their feelings. Part I provides a comprehensive guide to working therapeutically with children and families, while Part II outlines 47 creative therapeutic activities. Each activity is presented with clear instructions using inexpensive and readily available resources and the objective and rationale of each activity is given, making it easily applicable. This is a critical study of Friel's entire oeuvre, relating Friel's work to the problems of subjectivity, representation, history and the body, with a view to offering some placement of Friel in relation to both postmodernism and traditional humanism. Central to this study is Friel's concept of 'translation', whereby he offers us the tension of shaping the new through a 'translation' or reformulation of the old.
