Footprints in the Sand, a beautiful poem! Apr 26, 2010 @ 11pm, One night I dreamed a dream. As I was walking along the beach with my Lord. Across the dark sky flashed scenes from my life. For each scene, I noticed two sets of footprints in the sand, One belonging to me and one to my Lord.

Footprints in the sand. It's quiet now; it's not like it was last night. All the hangovers are asleep, they have never seen the morning light. They are dreaming of last night's fires And drinking away the days before, As I sit here upon my rock contemplating the world The sea is calm, the wind is quiet; there are birds flying in the sky.

"Footprints," also known as "Footprints in the Sand," is a popular allegorical religious poem.
