Susan Lang has thought of everything, so you won't have to.

There are literally millions of cars, trucks, and sport utility vehicles that travel the streets every day. Add to that the thousands of boats, recreational vehicles, motorcycles, jet skis, and snowmobiles owned by individuals. Besides privately owned vehicles, millions of vehicles are owned by corporations, car rental agencies, truck leasing agencies, small businesses, utilities, and governmental agencies. Each of these forms of transportation, whether privately owned, business owned, or government owned, represent a substantial investment. All forms of transportation are subject to the effects of weathering by the sun, rain, heat, cold, and chemicals. Detailing for Fun and Profit describes what paint is, how it is effected by heat, sun and chemicals, and how you can restore the interior and exterior of your car, truck, boat, or recreational vehicle to that "like new" condition. It offers step by step procedures for the complete detailing process. It will tell you what materials and equipment will be needed. If you are interested in starting a detailing business, Detailing for Fun and Profit will help you set up a business plan, identify potential markets, and develop a marketing plan. Whether you are just curious about detailing, would like to detail your personal vehicles, or are interested in starting a detailing business, Detailing for Fun and Profit is the right book for you.

Camaro Fever...is sweeping the country! And with the help of the Camaro Restoration Handbook, you can restore your 1967 through 1981 Camaro either piece by piece, or from the ground up! Authors Tom Currao and Ron Sessions detail the complete restoration process necessary to turn any street-beaten Camaro into a true show winner! With over 500 photos and drawings, it's the most complete Camaro restoration resource available!

Henri de Marne is among America's best-known experts on every aspect of home ownership. For 32 years, people have depended on him for answers to questions such as:. What should I do when moss is growing on the north side of a roof?. How can I stop the toilet tank from sweating?. How can I paint a basement floor and not have the paint peel off?. What is the best way to get rid of carpenter ants?. Where can I get replacement hardware for my old windows?. Why have my windows been steaming up ever since I installed a new furnace?The one disadvantage of a column, of course, is that you don't necessarily save all those columns, to be handy when you need the information.This is a big collection--probably the most complete handbook for homeowners that has ever been published--and in the same conversational, easy-to-understand language that readers have come to expect over the years.
