Every member of a family plays a vital role in the health and happiness of the household. Everyone is important, deserves to be treated with love and respect, and needs to know that when they make mistakes they will still be loved unconditionally. And when every member of the family is pulling for each other and on the same team, everybody wins. But is this kind of family life even possible? Parenting expert Dr. Kevin Leman says it is, and he's ready to show moms and dads exactly how they can make it happen in their family--in just five days. He shows families how to · communicate honestly and kindly · prioritize the right things · maintain great attitudes and behaviors · determine the role they play in the family structure · make family time count As always, Dr. Leman's outstanding advice is laced with humor, great stories, and the wisdom that comes only from a lifetime of experience. For parents who've had it up to here with bickering, hurt feelings, and emotional exhaustion, Have a Happy Family by Friday is just what the doctor ordered.

What is the real legacy of divorce? To answer this question, Constance Ahrons, Ph.D., interviewed one hundred and seventy-three grown children whose divorcing parents she had interviewed twenty years earlier for her landmark study, the basis of which was the highly acclaimed book The Good Divorce. What she has learned is both heartening and significant. Challenging the stereotype that children of divorce are emotionally troubled, drug abusing, academically challenged, and otherwise failing, Dr. Ahrons reveals that most children can and do adapt, and that many even thrive in the face of family change. Although divorce is never easy for any family, she shows that it does not have to destroy children's lives or lead to a family breakdown. With the insight of these grown children and the advice of this gifted family therapist, divorcing parents will find helpful road maps identifying both the benefits and the harms to which postdivorce children are exposed and, ultimately, what they can do to maintain family bonds.
