A memoir of Cassie's life leading up to, and during her Expedition around the world. At age twenty-seven, Cassie De Pecol accomplished something remarkable. She became the first woman on record to travel to every country on Earth, and did it faster than anyone in history, male or female. She was inspired by her experiences on the Discovery Channel's Naked and Afraid both the three weeks she spent in the Panamanian wilderness and the cyberbullying she endured after the show. And it opened her eyes to the need for women to make a difference in the world. In Expedition 196, Cassie shares the secrets behind her personal triumphs and miraculous achievements. It's the story of a dreamer and a doer who went from restless college dropout to fearless adventurer to philanthropist and humanitarian activist dedicated to female empowerment and global sustainability. Thrilling, inspiring, and unforgettable, Expedition 196 views the world through the eyes of one extraordinary young woman whose heart took her farther than most people can even imagine.

Andrew Furness and Martin Muckett give an introduction to all areas of fire safety management, including the legal framework, causes and prevention of fire and explosions, fire protection measures, fire risk assessment, and fire investigation. Fire safety is not treated as an isolated area but linked into an effective health and safety management system. Introduction to Fire Safety Management has been developed for the NEBOSH Certificate in Fire Safety and Risk Management and is also suitable for other NVO level 3 and 4 fire safety courses. The text is highly illustrated in full colour, easy to read and supported by checklists, report forms and record sheets. This practical approach makes the book a valuable reference for health and safety professionals, fire officers, facility managers, safety reps, managers, supervisors and HR personnel in companies, as well as fire safety engineers, architects, construction managers and emergency fire services personnel. Andrew Furness CFIOSH, GIfire®, Dip2OSH, MIIIRM, MRSH, is Managing Director of Salvus Consulting Limited who specialise in Fire Safety. He was the chairman of the NEBOSH / IOSH working party that developed the NEBOSH Fire Safety and Risk Management certificate. Martin Muckett MA, MBA, CMOSH, MIfire®, Dip2OSH, former Principal Health and Safety Advisor to Fire Service Inspectorate and Principal Fire Safety Officer, Martin is currently Salvus Consulting Limited's Senior Fire Safety Trainer / Consultant. * Fully covers the syllabus for the NEBOSH Certificate in Fire Safety and Risk Management * Student-friendly presentation in full colour packed with illustrations and photographs * Includes a summary of legislation relevant to fire safety, ideal as a reference for students as well as practitioners

Every year people are killed or injured at work. Over 40 million working days are lost annually through work-related accidents and illnesses. This workbook can help different organisations, particularly smaller businesses, to carry out their own health and safety investigations.

This book was written with the belief that everyone globally has the right to a safe and healthy workplace. An 8-year old carrying bricks in the mid-day sun in Nepal, a pharmaceutical business executive on assignment in Bangladesh, or a mother polishing stone in her home in Tanzania; each has a fundamental right to a workplace free from risk of injury, illness, and death. Global Occupational Safety and Health Management Handbook is a broad presentation and discussion of the issues and obstacles facing the Occupational Safety and Health (OSH) profession today in providing safe workplaces globally. Readers can use this book to find resources to assist in the development of their programs and to become informed about the basic structures of international OSH development and governance. Readers can also rely on this book to become more aware of global OSH issues and problems that they may be personally or professionally willing and able to help address. Seasoned OSH professionals can expect to learn about new ways to look at complicated and controversial topics. Young professionals and students can read this book to better understand the important global OSH interrelationships and challenges of the future. Features Serves as a one-stop resource for information on important international safety and health topics and issues Provides detailed information about international OSH tripartite, nongovernmental, and professional organizations Describes the various global OSH educational and professional development needs, and international approaches to expanding capacity and awareness of the profession Discusses controversial international OSH working conditions and explains their global impacts

Passing the HESI Admission Assessment Exam is the first step on the journey to becoming a successful healthcare professional. Be prepared to pass the exam with the most up-to-date HESI Admission Assessment Exam Review, 5th Edition! From the testing experts at HESI, this user-friendly guide walks you through the topics and question types found on admission exams, including: math, reading comprehension, vocabulary, grammar, biology, chemistry, anatomy and physiology, and physics. The guide includes hundreds of sample questions as well as step-by-step explanations, illustrations, and comprehensive practice exams to help you review various subject areas and improve test-taking skills. Plus, the pre-test and post-test help identify your specific weak areas so study time can be focused where it's needed most. HESI Hints boxes offer valuable test-taking tips, as well as rationales, suggestions, examples, and reminders for specific topics. Step-by-step explanations and sample problems in the math section show you how to work through each and know how to answer. Sample questions in all sections prepare you for the questions you will find on the A2 Exam. A 25-question pre-test at the beginning of the text helps assess your areas of strength and weakness before using the text. A 50-question comprehensive post-test at the back of the text includes rationales for correct and incorrect answers. Easy-to-read format with consistent section features (introduction, key terms, chapter outline, and a bulleted summary) help you organize your review time and understand the information. NEW! Updated, thoroughly reviewed content helps you prepare to pass the HESI Admission Assessment Exam. NEW! Comprehensive practice exams with over 200 questions on the Evolve companion site help you become familiar with the types of test questions.

This book presents the proceedings of the First National Conference on Sustainable Management of Environment & Natural Resource through Innovation in Science and Technology (SMTST2020). The book highlights the latest development and innovations in the fields of sustainability, natural resource management, ecology and its environmental fields, geosciences and geology, atmospheric sciences, sustainability, climate change, and extreme weather, global warming, and global change, the effect of climate change on the ecosystem, environment, and pollution, as well as putting a strong emphasis on the multidisciplinary studies.

There's so much to see, color, and paint in this book packed with images of Blippi and his favorite things...with paints and crayons included! In the spirit of YouTube sensation Blippi's joyous videos, this 128-page coloring and painting book presents an amazing array of animals, a variety of vrooming vehicles, and some basic early learning concepts, too! There are nearly 100 images for kids to color or paint using the crayons and paints provided...including lots of poses of Blippi.

Voluntary guidelines on occupational health and safety management systems.

Introduces a revised approach to the management and control of noise in the workplace. This book presents assessment and management of noise risks, practical advice on noise control, buying and hiring of quieter tools and machinery, selection and use of hearing protection and the development of health surveillance procedures.
