On the occasion of the 90th anniversary of Pininfarina, a marque synonymous with style and elegance applied to car design, Pininfarina is a book that surveys, for the first time, the entire output of the Turin coachbuilder, model by model. Produced in close collaboration with the company, it draws on invaluable photographic material accompanying brief contextualising texts. Tracing the history of Pininfarina from its origins to the present day entails reviewing some of the most iconic models in automotive history: from the numerous Ferraris bodied by the historic partner of the Maranello firm to cars such as the Cisitalia 202, the Lancia Aurelia, the Alfa Romeo Duetto and 164, the Maserati GranTurismo through to the current models born under the aegis of the Indian firm Mahindra. The book also covers the numerous Pininfarina concept cars that have written glorious pages in the history of design, raising the bar every time in terms of the excellence of the car product.

A Little Piece Of Ground will help young readers understand more about one of the worst conflicts afflicting our world today. Written by Elizabeth Laird, one of Great Britain's best-known young adult authors, A Little Piece Of Ground explores the human cost of the occupation of Palestinian lands through the eyes of a young boy. Twelve-year-old Karim Aboudi and his family are trapped in their Ramallah home by a strict curfew. In response to a Palestinian suicide bombing, the Israeli military subjects the West Bank town to a virtual siege. Meanwhile, Karim, trapped at home with his teenage brother and fearful parents, longs to play football with his friends. When the curfew ends, he and his friend discover an unused patch of ground that's the perfect site for a football pitch. Nearby, an old car hidden intact under bulldozed building makes a brilliant den. But in this city there's constant danger, even for schoolboys. And when Israeli soldiers find Karim outside during the next curfew, it seems impossible that he will survive. This powerful book fills a substantial gap in existing young adult literature on the Middle East. With 23,000 copies already sold in the United Kingdom and Canada, this book is sure to find a wide audience among young adult readers in the United States.

Back in a new printing is this original vision of a forest filled with cute horny winged little fairies in tight fetish leather outfits. In Kondom's fairy-world, when a fairy turns 100 years old they become keepers and caretakers of the forest and all the little critters who live in the woods. While searching for a missing Stag Beetle, Pfil comes across an isolated house with three evil fairies who drug, bind and take her prisoner for their own sexual purposes. Where is Pamila and how does Pfil get out of this one?
