Life on the Refrigerator Door - SILO.PUB
Obwohl "Life on the refrigerator door" schon was schönes hat, und mich am Ende zu Tränen rührte, ist der Preis doch ungerechtfertigt, dafür, dass man wenig Text zum Lesen hat. => Hab das Buch in etwa einer Stunde ausgelesen.. Trotzdem guter Stoff.

Claire and her mother are running out of time, but they don't know it. Not yet. Claire is wrapped up with the difficulties of her bourgeoning adulthood—boys, school, friends, identity; Claire's mother, a single mom, is rushed off her feet both at work and at home. They rarely find themselves in the same room at the same time, and it often seems that the only thing they can count on are notes to each other on the refrigerator door. When home is threatened by a crisis, their relationship experiences a momentous change. Forced to reevaluate the delicate balance between their personal lives and their bond as mother and daughter, Claire and her mother find new love and devotion for one another deeper than anything they had ever imagined. Heartfelt, touching, and unforgettable, Life on the Refrigerator Door is a glimpse into the lives of mothers and daughters everywhere. In this deeply touching novel told through a series of notes written from a loving mother and her devoted fifteen-year-old daughter, debut author Alice Kuipers deftly captures the impenetrable fabric that connects mothers and daughters throughout the world. Moving and rich with emotion, Life on the Refrigerator Door delivers universal lessons about love in a wonderfully simple and poignant narrative.

Life on the Refrigerator Door is a poignant and deeply moving first novel about the bonds of love and frustration that tie mothers and daughters together. Told entirely in a series of notes left on the kitchen fridge—some casual, some intimate, some funny, some angry—it is the story of nine months in the life of 15-year-old Claire and her single mother. Preoccupied with their busy separate lives, rarely in the same room at the same time, they talk to each other in a series of short snippets that reflect the daily drama of school, boyfriends, work and chores that make up their days. Yet the mundane soon becomes extraordinary when a crisis overtakes their lives—a momentous change that will redefine their relationship and unfold in their exchanges on the refrigerator door. Short, powerful and unforgettable, Kuipers' novel looks deep into the complex relationship between mothers and daughters, and the distances that can open up between people who live together but exist in their own worlds. Unfolding in a wonderfully simple and intimate narrative, Life on the Refrigerator Door will appeal to readers across the generations, delivering universal lessons about love.

Beautifully told through notes left on their kitchen fridge, this is an intimate portrait of the relationship between a hard-working mother and her teenage daughter. Stunningly sad but ultimately uplifting, it is about being a 'good mother' or a 'good daughter', and is a reminder of how much can be said in so few words, if only we made the time to say them. 'Unexpectedly moving' The Herald 'Poignant . . . Guaranteed to make you cry' Sunday Express 'Both heart-breaking and heart-warming' Bliss! 'Shows the love and frustration that every woman will be able to relate to. Simple and heartfelt' My Weekly 'Very original and touching' Joanne Harris 'I loved it. It made me cry' Geri Halliwell

"Uh-oh" embraces "Here we go again" and "Now What?" and "You never can tell what's going to happen next" and "So much for plan A" and "Hang on, we're coming to a tunnel" and "No sweat" and "Tomorrow's another day" and "You can't unscramble an egg" and "A hundred years from now it won't make any difference." "Uh-oh" is more than a momentary reaction to small problems. "Uh-oh" is an attitude—a perspective on the universe. It is a power of an equation that summarizes my view of the conditions of existence: "Uh-huh" + "oh-wow" + "uh-oh" + "oh, God" = "ah-hah!"

A tribute to the life and legacy of extraordinary teen Carley Allison. Not long ago, seventeen-year-old Carley Allison had it all. She was on the edge of fame as a singer and composer. She was reaching for the highest levels as a competitive skater. She had a new boyfriend and a golden future waiting after graduation. Her world came crashing down when she was diagnosed with a rare kind of cancer in her throat. Her case, doctors said, was one in 3.5 billion. Faced with an uncertain new future, Carley rose to the challenge. Cancer treatment tested her, but she remained fearless and strong. Carley died before her twenty-first birthday, but her memory lives on in the countless people she touched with her courage. Bestselling author Alice Kuipers weaves their stories with the blog Carley kept in the final months of her life. These many voices Ñ plus plenty of Carley's texts and photos Ñ show her transformation from ordinary to extraordinary, and convey her personal rules for living well in the worst of times.

A meditation on the trauma and possibility of searching for connection in a world that enforces bland norms of gender, sexual, and social conformity. When you turn the music off, and suddenly you feel an unbearable sadness, that means turn the music back on, right? When you still feel the sadness, even with the music, that means there's something wrong with this music. Sometimes I feel like sex without context isn't sex at all. And sometimes I feel like sex without context is what sex should always be.—The Freezer Door The Freezer Door records the ebb and flow of desire in daily life. Crossing through loneliness in search of communal pleasure in Seattle, Mattilda Bernstein Sycamore exposes the failure and persistence of queer dreams, the hypocritical allure of gay male sexual culture, and the stranglehold of the suburban imagination over city life. Fercocious and tender, The Freezer Door offers a complex meditation on the trauma and possibility of searching for connection in a world that relentlessly enforces bland norms of gender, sexual, and social conformity while claiming to celebrate diversity.

Violet and Victor Small are twins on a mission: to write the best book in the whole, entire world—together! Victor is reluctant, but Violet is determined, and soon the ideas can't come quickly enough. They begin to write a story about a hungry Bookworm who is eating all the books in the library. Thanks to Victor's brilliant ideas, Violet is able to save the day (and the library). This delightful story-within-a-story is filled with good-natured sibling rivalry, and focuses on the spirit of cooperation, the satisfaction of a job well-done, and the magic of storytelling.

A mind-bending novel from Alice Kuipers, expert chronicler of the teenage heart. It's a perfect day for Lark's dream date with Alec from school. Blue skies, clear water, a canoe on the lake. Alec even brought flowers for Lark's birthday. Everything is just right ... until they hear screams from the edge of the water. Annabelle, a little girl Lark used to babysit, is struggling in the reeds. When Lark and Alec dive in to help her, Alec hits his head on a rock. Now Annabelle and Alec are both in trouble, and Lark can only save one of them. With that split-second decision, Lark's world is torn in two, leaving her to cope with the consequences of both choices. She lives two lives, two selves. But which is the right life, and which is the real Lark? Me and Me is about how it feels to be torn in pieces, and how to make two halves whole again.

Am y (a.k.a. Bird) seems to have the perfect life: loving parents, a hot boyfriend, the best friend ever. She even writes an online advice column, full of Top Tips, to help other teens take control of their lives. But after a new guy shows up at school, Bird can't seem to follow her own wisdom. Pete is the consummate bad boy. He's everything Bird is not: wild, unambitious and more than a little dangerous. Although she knows he's trouble, Bird can't stay away. And the more drawn she is to Pete, the more cracks are revealed in her relationship with Griffin, her doting boyfriend. Meanwhile, her parents' marriage is also fracturing, possibly for good. Bird is way out of her comfort zone. All it takes is one mistake, one momentary loss of control, for her entire future to be blown away . . .
