(PDF) Martindale The Complete Drug Reference, 36th Edition ... Sean Sweetman (the editor) and his team have ably delivered a new, 134th edition. Martindale is now of course much bigger (2,784 large pages of small print) and these days is also available in electronic form. At first, the task of reviewing the new edition seemed as challenging to me as Sean Sweetman's must have been to produce it. After much thought I decided to adopt two approaches. First ...

examiners, both of whom have been involved in the development of the new Part 3 MRCOG examination, this book is essential reading for any trainee preparing to sit the exam. The authors clearly describe the breadth and depth of the curriculum modules and the professional behaviours that will be assessed in the five clinical skills domains. The text includes written examples of every module, links to eight videos showing candidates attempting four real Part 3 tasks, examiners' comments, and a detailed discussion of each example. The content will help candidates understand what is required to pass the examination and how to demonstrate their knowledge and
