Paper modeling - or card modeling - is the art of constructing things with only colored, cut and folded pieces of paper. To help in constructing each model, you will need the free Adobe Reader to print the instructions and model parts. A link to [adobe.com](http://adobe.com) is provided with each model. Remember: Spacecraft construction is a team activity.

DIY - Paper Spacecraft Models | Science Mission Directorate

This is our original paper model, designed by Nina Heimpel, at Swales Aerospace. Please also note that the design of the spacecraft has changed slightly since this was designed. There is a momentum flap on the back and the solar panel array has changed. The model is approximately 1/80th scale. The files you will need for building the model:
