Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Excerpt from Oscar Wilde: A Critical Study I wish to thank Mr. Robert Ross, Wilde's literary executor, who has helped me in every possible way, allowed me to read many of the letters that Wilde addressed to him, and given much time out of a very busy life to the verification, from documents in his possession, of the biographical facts included in my book. I wish to thank Mr. Walter Ledger for much interesting information, and for the sight of many rare editions of Wilde's books that made possible the correction of several bibliographical errors into which I had fallen. I wish to thank Mr. Martin Seeker for putting at my disposal his collection of late nineteenth-century literature. I wish to thank an anonymous author for lending me the proof-sheets of a forthcoming book, which will contain a full and accurate account of the legal proceedings for and against Wilde. Many of those who knew Wilde have helped me, by letter or in conversation, with valuable reminiscence. I would thank, particularly, the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
