" The Oxford Handbook of Happiness offers a compelling case for adding happiness sciences to this growing list of new configurations. Readers will find a compelling case for the idea that happiness is a basic human right and that civil discourse should recognize the breadth and depth of its power over the human condition.

~~Oxford Handbook of Happiness (Oxford Library of Psychology ...~~

This article presents a definite and positive view of Aquinas about happiness. Aquinas distinguished between what he calls actus hominis (an act of a human being) and actus humanus (a human action). Actions are often bodily processes through which people go, but some of them occur without thinking about them at all while others involve reflection.

~~Happiness—Oxford Handbooks~~

The scientific study of happiness, or subjective well-being (SWB), has thus far produced a large body of diverse empirical findings. In this chapter the authors review some of the major findings and issues that have emerged from the study of SWB.
