Shadowrun - 1d4chan

Second and Third edition were pretty similar, while the Fourth and 20th Anniversary editions were quite different than the first three. Fifth edition built on the Fourth/20th anniversary, while Sixth edition again makes a number of changes to the core rules. Shadowrun Anarchy is almost a different system entirely.

Two, Shadowrun adds fantasy elements to the mix giving it a feel quite different from other cyberpunk games. The Second Edition got rid of a lot of the kinks that were in the first so now it runs more smoothly. However, the Second Edition is minus the 2050s slang dictionary.

I know there is a book to convert 4th edition to 2050, but the most of the people I talked with didn't care for it.
