Uporaba računalnika kot učnega pripomočka v vzgojno-izobraževalnem procesu.

This scientifically thorough and well-organized text integrates the fields of mechanics and neuromuscular physiology to better understand human movement.

These Tales are so simple and natural, that they may be understood by even younger children than they are actually intended for, while at the same time they are so full of good sense, and touch so vividly those springs of action which influence alike both the young and the old, that many of them will be read with as much interest, and sometimes even with as much advantage, by the parent as by the child. Though perfectly unpretending in structure and language, the most fastidious taste will acknowledge them to be the productions of a highly refined and cultivated mind, while they equally display all the charms of an affectionate and parental disposition, conjoined with a lofty, though a gentle and rational morality. "Uarda" by Georg Ebers (translated by Clara Bell). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten-or yet undiscovered gems-of world literature, we issue the books that need to be read.

The purpose of this notebook is to assist educators who are designing and implementing inservice education programs to facilitate the effective use of computer integrated instruction (CII) in schools. It is divided into the following five sections: (1) Effective Inservice (a brief summary of inservice literature focused on inservice dimensions and design principles); (2) Background Information (an overview of computers in education and a discussion of the roles of computers in problem solving); (3) Initiating/Planning an Inservice (suggestions for preliminary planning and activities and a sample timeline for those activities); (4) An Eight-Session Social Studies Inservice (2-hour sessions cover an introduction to databases, database management systems, making your own database, an introduction to computer simulations, another simulation, teacher productivity tools, graphing to represent data, and problem solving, telecommunications, and closure); and (5) Instruments and Evaluation (a variety of instruments for needs assessment, formative evaluation, and summative evaluation). Each 2-hour science
