The Good Psychopath's Guide to Success: Amazon.co.uk ...

The Good Psychopath Guide (2014) is a book on how to leverage dark triad traits to be more successful at life. Dutton, the author, makes the case that some psychopathic traits can confer advantages in life, and that non-psychopaths can learn to adopt them and become more successful, without harming others. Hence the name "good psychopath".

The Good Psychopath's Guide to Success by Andy McNab, Dr ...

The Good Psychopath's Guide To Success has been an experience. The book has a conversational and informal tone that makes it quite entertaining to read (though this can sometimes make it drag in parts), while imparting the necessary facts and knowledge to back up the claims of the authors' anecdotes. One personal point to note: McNab uses experiences from his actual SAS training and service throughout the book, and on more than one occasion references being stationed in my country.

Review: The Good Psychopath's Guide To Success ...

Ms Nora Schütte, the study's first author, said that primary psychopaths are marked out by the trait of 'fearless dominance': "People with this character trait want to get their way, have no fear of the consequences of their actions, and can withstand stress very well.

How To Spot The 'Good' Type of Psychopath - PsyBlog

The Good Psychopath's Guide to Success is a self-help book co-authored by the British authors Dr. Kevin Dutton and Andy McNab. The book's premise is that certain traits found in psychopaths can be helpful to someone's personal life. The book describes these traits and tries to explain to the reader how they can be applied to day-to-day life.

McNab is a diagnosed psychopath but he is a GOOD PSYCHOPATH. Unlike a BAD PSYCHOPATH, he is able to dial up or down qualities such as ruthlessness, fearlessness, conscience and empathy to get the very best out of himself - and others - in a wide range of situations.

What good is a psychopath? And how can thinking like one help you to be the best that you can be? What do you really want from life, and how can you develop and use qualities such as charm, coolness under pressure, self-confidence and courage to get it? The Good Psychopath Manifesto gives you a unique and entertaining roadmap to self-fulfillment in both your personal life and your career--Cover.

An enlightening and entertaining look at how to use your inner psychopath to get the most out of LIFE. What is a good psychopath? And how can thinking like one help you to be the best that you can be? Professor Kevin Dutton has spent a lifetime studying psychopaths. He first met SAS hero Andy McNab during a research project. What he found surprised him. McNab is a diagnosed psychopath but he is a GOOD PSYCHOPATH. Unlike a BAD PSYCHOPATH, he is able to dial up or down qualities such as ruthlessness, fearlessness, conscience and empathy to get the very best out of himself -- and others -- in a wide range of situations. Drawing on the combination of Andy McNab's wild and various experiences and Professor Kevin Dutton's expertise in analysing them, together they have explored the ways in which a good psychopath thinks differently and what that could mean for you. What do you really want from life, and how can you develop and use qualities such as charm, coolness under pressure, self-confidence and courage to get it? The Good Psychopath's Guide to Success gives you a unique and entertaining road-map to self-fulfillment both in your personal life and your career.

Over thirty different examples of situations and ideas to show you how you can change your approach and change your life . . . Looking to nail an INTERVIEW? Want to make a better first impression on a DATE? Trying to make your MONEY go further? Bet you never thought being a bit more PSYCHOPATH could be the answer. Time to grab that bullsh*t by the horns! Dr KEVIN DUTTON studies psychopaths and his latest subject is SAS hero ANDY MCNAB. Andyâ€(tm)s a bit different, heâ€(tm)s a GOOD PSYCHOPATH. He can control qualities like decisiveness, ruthlessness and fearlessness to get the BEST out of himself and life. Together, this unlikely duo has established what they call the SEVEN DEADLY WINS, the good psychopathic quirks that can help make you more SUCCESSFUL. And now itâ€(tm)s time to put their theories to the test. SORTED! THE GOOD PSYCHOPATHâ€(tm)S GUIDE TO BOSSING YOUR LIFE offers a new approach to the everyday to help you get more out of life than it gets out of you.

Psychopath. The word conjurs up images of serial killers, rapists, suicide bombers, gangsters. But think again: you could probably benefit from being a little more psychopathic yourself. Psychologist Kevin Dutton has made a speciality of psychopathy, and is on first-name terms with many notorious killers. But unlike those incarcerated psychopaths, and all those depicted in movies and crime fiction, most are not violent, he explains. In fact, says Prof Dutton, they have a lot of good things going for them. Psychopaths are fearless, confident, charismatic and focused-qualities tailor-made for success in today's society. The Wisdom of Psychopaths is an intellectual rollercoaster ride that combines lightning-hot science with unprecedented access to secret monasteries, Special Forces training camps, and high-security hospitals. In it, you will meet serial killers, war heroes, financiers, movie stars and attorneys--and discover that beneath the hype and popular characterization, psychopaths have something to teach us. Like the knobs on a mixing deck, psychopathy is graded. And finding the right combination of psychopathic traits, sampled and mixed at carefully calibrated volumes, can put us ahead of the game.

Do you know someone who is just a bit too manipulative and full of himself? Does someone you know charm the masses yet lack the ability to deeply connect with those around her? You might have an Almost Psychopath in your life. Do you know someone who is too manipulative and full of himself? Does someone you know charm the masses yet lack the ability to deeply connect with those around her?Grandiosity and exaggerated self-worth. Pathological lying. Manipulation. Lack of remorse. Shallowness. Exploitation for financial gain. These are the qualities of Almost Psychopaths. They are not the deranged criminals or serial killers that might be coined "psychopaths" in the movies or on TV. They are spouses, coworkers, bosses, neighbors, and people in the news who exhibit many of the same behaviors as a full-blown psychopath, but with less intensity and consistency.In Almost a Psychopath, Ronald Schouten, MD, JD, and James Silver, JD, draw on scientific research and their own experiences to help you identify if you are an Almost Psychopath and, if so, guide you to interventions and resources to change your behavior.If you think you have encountered an Almost Psychopath, they offer practical tools to help you:recognize the behavior, attitudes, and characteristics of the Almost Psychopath;make sense of interactions you've had with Almost Psychopaths;devise strategies for dealing with them in the present;make informed decisions about your next steps; andlearn ways to help an Almost Psychopath get better control of their behavior.The Almost Effect™ Series presents books written by Harvard Medical School faculty and other experts that offer guidance on common behavioral and physical problems falling in the spectrum between normal health and a full-blown medical condition. These are the first publications to help general readers recognize and address these problems.

"Compelling, essential reading for understanding the underpinnings of psychopathy." – M. E. Thomas, author of Confessions of a Sociopath For his first fifty-eight years, James Fallon was by all appearances a normal guy. A successful neuroscientist and professor, he'd been raised in a loving family, married his high school sweetheart, and had three kids and lots of friends. Then he learned a shocking truth that would not only disrupt his personal and professional life, but would lead him to question the very nature of his own identity. While researching serial killers, he uncovered a pattern in their brain scans that helped explain their cold and violent behavior. Astonishingly, his own scan matched that pattern. And a few months later he learned that he was descended from a long line of murderers. Fallon set out to reconcile the truth about his own brain with everything he knew as a scientist about the mind, behavior, and personality.

Part of the bestselling Surrounded by Idiots series! #1 internationally bestselling author Thomas Erikson shows readers how to identify and avoid the psychopaths around them. Charming, charismatic, and delightful or manipulative, self-serving, and cunning? Psychopaths are both and that's exactly what makes them dangerous. Bestselling author of the international phenomenon Surrounded by Idiots, Thomas Erikson reveals how to identify the psychopaths in your life and combat their efforts to control and manipulate. Using the same simple four-color system of behavior classification that made Surrounded by Idiots so popular, Surrounded by Psychopaths teaches readers how to deal with psychopaths in their lives by becoming aware of their own behavior and their weaknesses. Vivid example stories illustrate ways that psychopaths can take advantage of various behavior types, helping readers identify their own weaknesses and be proactive about protecting themselves. Erikson outlines some of the most common forms of manipulation used by psychopaths--and others--to influence those around them. Since manipulation can often be a feature of ordinary, non-psychopathic relationships, the book also includes practical methods and techniques to help readers confront controlling people and rehabilitate negative relationships into mutually respectful ones. By understanding your behavior as well as the tendencies and strategies of psychopaths, Surrounded by Psychopaths will teach you to protect yourself from manipulative influence in your workplace, social life, and family.

'What if I were to tell you that a psychopathic arsonist might also be the person most likely to save you from a burning building?' *This book is about a special kind of persuasion: 'flipnosis'. It has an incubation period of just seconds, and can instantly disarm even the most discerning mind. Flipnosis is black-belt mind control. It doesn't just turn the tables, it kicks them over. *From the malign but fascinating powers of psychopaths, serial killers and con men to the political genius of Winston Churchill - via the grandmasters of martial arts, Buddhist monks, magicians, advertisers, salesmen, CEOs and frogs that mug each other - Kevin Dutton's brilliantly original and revelatory book explores what cutting-edge science can teach us about the techniques of persuasion.

INTERNATIONAL BEST SELLING AUTHOR OF BRAVO TWO ZERO IN HIS EXPLOSIVE TRUE STORY "A gripping account of special forces at work . . . a tremendous adventure story."—Daily Telegraph "The best account yet of the SAS in action."—Sunday Times From the SAS soldier who invented the modern military memoir comes a storming battering ram of thrill-packed, unforgettable drama. Never-before-revealed covert operations and heartbreaking human stories combine to create a new classic and a book that takes us back to where it all began... SEVEN TROOP is Andy McNab's gripping account of the time he served in the company of a remarkable band of brothers – from the day, freshly badged, he joined them in the Malayan jungle, to the day, ten years later, when he handed in his sand-coloured beret and started a new life. The things they saw and did during that time would take them all to breaking point – and some beyond – in the years that followed. He who dares doesn't always win... "Paying tribute to the soldiers he served with for 10 years, he tells the poignant story of five brave men of whom, tragically, he is the only one still alive." - News of the World "Brutal, touching, and humorous, this book recounts McNab's time in the SAS's Air Troop. It made me realise that he can fight as well as write. Treading in the footsteps of Sassoon, Brooke and Owen he pretty much founded the genre of the modern military memoir." Professor Kevin Dutton, University of Oxford

What people are saying about SEVEN TROOP: ***** "From the heart of a true warrior" ***** "Seven Troop is yet another well written account of SAS actions on a much more personal scale, literally "a day in the life" thereof." ***** "What he does differently in this book compared to his two others is describe the costs of being SAS. How he and others react to the deaths of their friends when they are killed on operations, the political decision making of the higher ups that override tactical common sense, being a small cog in a big machine and ultimately not being very valued by SAS headquarters."
