## ~~The participatory museum | Digital meets Culture~~

Imagining the Participatory Museum Throughout this book, I have argued that participatory techniques are design strategies that have specific value and can be applied in cultural institutions to powerful effect. These techniques represent an addition to the design toolkit, not a replacement for traditional strategies.

Pool tables, seesaws, and game boards fall into this category, as do many interactive museum exhibits and participatory sculptures that invite people to work together to solve a problem or generate an effect. For example, many science centers feature exhibits that explicitly state on their labels, “ this exhibit requires two people to use. ”
