The Architect's Guide to Writing: For Design and ...  
In the shadow of that agonising contradiction between design rhetoric and practice, where designers profess to admire one thing (culture) but base their practice on another (commerce), too little attention has been paid, both in the academy and in the annuals, to the relevance of writing to graphic design. Writing can feed the profession in two ways: through the challenge of critical analysis and through the exploratory freedom of self-initiated work.

What has writing got to do with design? - Eye Magazine  
The Professional Writing and Information Design, BS will prepare students for careers in writing and designing information for industry, science, technology, engineering, government, and health contexts; editing and publishing; user experience and usability; information design, documentation, content creation, and document management.
